# All the Rivers

## Grants for short arts projects

For projects between May and December 2024

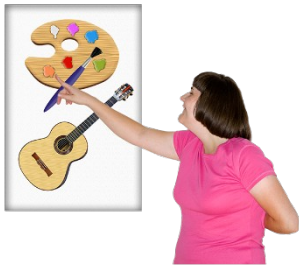

Apply before 25 March 2024

## About ausland and what we do

**ausland**

**ausland** is an arts venue in Berlin for

- music
- film
- literature
- dance
- performances
- sound art.

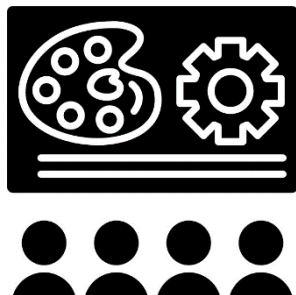

We also give **grants** to artists.

A **grant** is money or support that you do not have to pay back.

## Our new project called **All the Rivers**

We have a new project called **All the Rivers**.

As part of the project we will have arts workshops.

And we will have **flash residencies**.

A **residency** is when an artist spends some time at an organisation to work on a new project or create new ideas.

Our **flash residency** is for 5 days.

We will pay the artists to work on a new art project in our ausland art space.

We want the **All the Rivers** project to help make art more open to new ideas. And more inclusive.

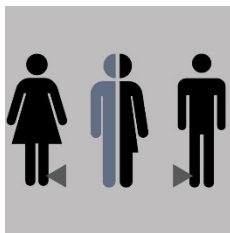

Being **inclusive** means making sure everyone can take part.

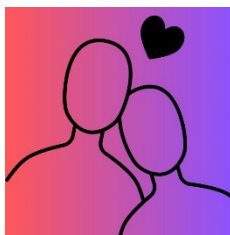

We want the All the rivers projects to be **queer feminist**.

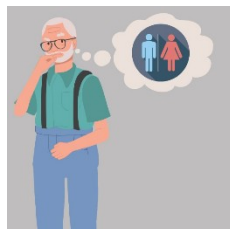

**Queer** is what some people call themselves if they feel that other words to describe **gender** and **sexual orientation** are not right for them.

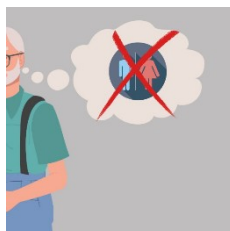

- Your **gender** is whether you are man, woman or neither.

- Your **sexual orientation** is who you are attracted to. Like bisexual, lesbian, gay and straight.

Many people think there are only male and female genders. And that there are things that women must do. Like have children.

Queer feminists do not agree. Queer feminists support people of any gender and sexual orientation to have the same rights as other people.

## What happens in our flash residencies

People can do any type of art for our **flash residencies** like

- painting
- photography
- music
- film
- writing
- sculpture
- sound art
- dance
- drama

At ausland we really like to see different types of art used together in the same project.

At the end of the 5 days, we ask you to share your work with others.

It is up to you how you do this.

For example, you could do

- a performance
- an exhibition
- a concert

# Who can apply for our grant

Our grant is open to everyone.  
But we want to give grants to people who have not had a grant before, maybe because of **discrimination**.

**Discrimination** means treating someone worse than other people for some reason.  
For example, because of someone's race, disability or sexual orientation.

You can apply for the Flash residency on your own or as a group of artists.

We are looking for arts projects that tell us more about the local community and the local area.

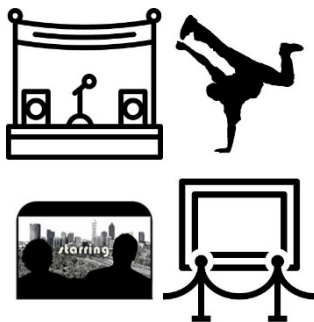

We want to hear ideas from people who we do not normally hear from.

## What you get with the grant

We will give you

- 850 euros to each person for 4 working days in the art space

- 360 euros for sharing your project

- space at ausland to work on your art

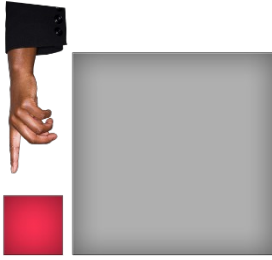

- technology to use like lights and cameras.  
We can help you use these too.

- Help with any questions you have about performing or finding the right people to work with.

## About the space in ausland

The art space in ausland is quite small.

It is 70 square metres.

And 5 metres high.

It has a wood floor.  
It has concrete walls.

The room is soundproof.

This means you cannot hear noises  
from outside the room.

You can find out more about our space  
and on our website

[www.ausland.berlin/production](http://www.ausland.berlin/production)

When you are planning your art  
project, remember to check if it fits in  
the space we have at ausland.

You can ask us for help with this.

## Accessibility at ausland

Our building is in a basement.

The entrance is in a yard with uneven ground.

It can be hard for visitors with mobility disabilities.

You can find more information about accessibility at ausland on our website

[www.ausland.berlin/accessibility](http://www.ausland.berlin/accessibility)

We think everyone should be able to visit or work at ausland.

We can work with you to find a way to make ausland more accessible.

Contact us if we can do anything to make ausland more accessible for you.

Or if you have any questions about this.

We can pay for things to help make ausland more accessible for you.

Like help with communication and Easy Read.
